

Int. Police Station- Interrogation room

Noah is sitting in a chair behind a table. Detective Holmes enters

Noah

Ah, detective here to send me home finally.

Det. Holmes

And where would you get that idea?

Noah

Well, the other nice detective said once I answer all the questions, I'd be free to go.

Det. Holmes

And that would be a correct statement if you answered any of our questions.

Noah

I don't understand what you mean?

Det. Holmes

Well, for starters when we asked you for your name and you answered Noah.

Noah

That is correct

Det. Holmes

Well, what is your full name?

Noah

Oh I'm sorry It's Noah.

Det. Holmes

What are you a rock star?

Noah

(chuckles) Listen I'm flattered, but I'm just a normal boring guy.

Det. Holmes

Are you on any kind of drugs or medication?

Noah

No.

Det. Holmes

Well, from what the other detective has told me is that you don't have a clue where you live or where you have been, so we're having trouble knowing where you should be.

Noah

Well, I do know I don't belong here.

Det. Watson knocks on the door and pops in her head.

Det. Watson

Det. Holmes may I speak with you, briefly.

Det. Holmes

Yeah, (turns to Noah) And you're not building a boat expecting a lot of rain soon, right?

Noah

(smirks) Once again detective you flatter me, but just an average Joe here.

Det. Holmes

Just checking.

Det. Holmes steps out with Det. Watson.

*Second part In a Alley*

Noah

Has your mother ever told you, not to play with your food?

The demon looks and sees Noah standing in front of him. He then smiles at Noah.

Alley Demon

Yeah, right before I bit her head off.

Noah

Well, how about we put that young lady down before you get hurt.

Demon snaps the girl's neck and drops her to the ground.

Alley Demon

Whoops. Now I guess you'll have to be my midnight snack..

Noah walks straight up to the demon and looks him in the eye.

Noah

I'm sorry, but I'm not on today's menu.

The demon growls and lunges to attack Noah, who quickly jerks his hand up and down, producing a long scythe in his hand. Then with one quick swing decapitates the demon. Its lifeless body crumbles at his feet. The scythe then disappears. Noah kneels in front of the girl and places his hands upon her neck. He closes his eyes and suddenly the girl begins to gasp with air.

Noah  
It's o.k., you're o.k. now.

Noah helps the girl to her feet.

Girl  
What happened?

Noah  
You seemed to have had a little too much fun and passed out, but you'll be o.k.

Girl  
Where's Fred?

Noah  
He's gone and that's good because you're living a good life. So, I suggest you stay on this path you've chosen and you'll continue to do fine.

The girl gives a puzzled look and nods in agreement. She then heads back out the alley.

Shass  
Well I must say that was an interesting parlor trick.

Noah turns and faces Shass.

Shass  
(shocked) What are you doing here?

Noah  
Not now Shass.

Noah starts walking away.

Shass  
Not now? I think the last time we ran into each other was what? The Tower of Babel?

Noah

Could have been.

Shass

Did you mouth off to the hierarchy again?

Noah turns around and grabs Shass by the collar.

Noah

I don't have to explain my reason to be here to a two-bit demon, so shove off.

Noah pushes away and continues to walk off.

Shass

Oh come on Gabriel.

Noah stops, turns and charges at Shass driving Shass into the wall.

Noah

(angry) I don't go by that name now!

Shass

Temper, temper. Geez, I forgot you use your Earth name here, Noah.

Noah releases his grip and turns away again.

Shass

And I'm guessing you're here for the girl.

Noah

I don't know whom you are referring to.

Shass

Ah, playing that game are we? Well now I remember where I saw you last.

Noah

And where's that?

Shass

The David and Goliath fight. I lost a pretty penny on that one. Thou you gave that kid quite a cannon.

Noah

How is it nobody has killed you yet?

Shass

Because the world need chaos, if it didn't exist the Earth would be dead and boring.

Noah

Well, do you know where she is?

Shass places his hand upon his temple.

Shass

Hmm. Let me use my magical GPS. Yeah there she is in the third floor restroom of the Chrysler building, why don't you run along and check it out.

Noah

A simple no would have been fine.

Shass

Would a simple don't turn around be good to?

Noah turns around and is nailed by a punch tossing him to the ground. Noah spots two blurry men standing over his before he passes out.

Shass (cont.)

Guess not. Don't hurt him to bad.
